

Prayer Festival 16th May @CRBC

In this service, we are gathering the church family together to answer the question: Can you have fun while you pray?

We've come up with a set of activities: some familiar, some new and someinteresting?! We will meet together at 10.30 as usual, then break into groups (each group with a different activity). There will be a creche. We will close the service and then share a light lunch.

Take this slip home and see if you can guess which member of your family would like to do which activity. Draw a line between the person and the activity.

Which one of these is you?

- Someone who likes to explain by standing up and showing you
- Someone who loves giving presents
- Someone who's always making sure that things get done
- Someone who likes to sit and think
- Someone who likes using words

Which activity would you enjoy?

- Prayerful peace and quiet
- Prayerful presents
- Prayerful prayers of worship, thanksgiving and petition
- Prayerful activity for physical people
- Prayerful activity for practical people

Note: this is a service where we meet together as church family. We want to get the balance between parents being responsible for their own children, and children participating in the activity that most suits their personality.
